### Being Digital by Nicholas Negroponte - Goodreads

Negroponte, Nicholas. 1995. Being Digital. New York: Alfred A. Knopf. Selected Excerpts: Most of our information is delivered to us in the form of atoms: newspapers, books. We measure trade and we write our balance sheets with atoms in. GATT is about atoms. A bit has no color, size, or weight, and it can travel at the speed of light.

### Negroponte, Nicholas. 1995. Being Digital. New York ...

Being Digital reminds us that, as Paul Valéry once remarked, the future is not what it used to be. And this is largely because, like the future, change is not what it used to be. Negroponte's description of the growth of digital technologies as "almost genetic in its nature" evokes the organic metaphor of exponential growth to describe the dynamic rate and self-organizing character of change.

### BEING DIGITAL By NICHOLAS NEGROPONTE

In the last chapter and the epilogue, Negroponte offers visionary insight on what "being digital" means for our future. Negroponte praises computers for their educational value but recognizes certain dangers of technological advances, such as increased software and data piracy and huge shifts in our job market that will require workers to transfer their skills to the digital medium.
